

A Practical Solution For: The restoration of FIRE DAMAGED Walls & Ceilings

*HELD IN VERY HIGH ESTEEM
by those in the KNOW*

*Invented in 1957, a **WORLD-FIRST** by **DURALEX PAINTS** and continually updated to keep pace with available technology. Supercedes aluminium paint for **EFFICIENCY, APPLICATION AND SIMPLICITY***

- ◆ Bleed-Seal is water-based. Brushes and rollers wash clean in water.
- ◆ Dries in 30 minutes and can be overcoated with either oil or water-based house paints after 2 hours.
- ◆ The most cost effective Product available in Australia.
- ◆ Covering capacity: Approximately 14 m² per litre per coat.
- ◆ Why risk the outcome with a lesser product?
- ◆ Available in 10 litres – 4 litres – 1 litre
